Sealey 4 Tonne Trolley Jack with Rocket Lift Green

Great commercial piece of kit ideal for professional workshops & home DIY mechanics.

100mm Low Entry minimum jack pad height.

Heavy base design and large jacking saddle for increased load stability.

Universal joint release mechanism allows safer, more controlled lowering of the jack.

Rocket Lift feature brings lifting arm into contact with jacking point with minimal pumps.

Polyurethane wheels for smoother manoeuvrability and helps prevent damage to workshop floor.

Magnetic wheel nut retention tray.

Protective jack handle sleeve helps prevent accidental damage to car bodywork when pumping the handle.

Overall Length: 751mm.

Ernest Doe is a long established family firm with a network of branches in the South and East of England. Managing Director Colin Doe is the fourth generation of the family to have run the business in its 100+ years of trading.

The firm supplies an incredible amount of machinery; from garden mowers and chain saws to combine harvesters and construction excavators. Our philosophy is simple to supply the best products and then to support them with the service facilities and expertise to keep them running perfectly.
