Where you can buy with confidence

Our Price: £53.51

Description

Stihl Genuine Wooden Saw Horse

If you want to make small-diameter trunks, branches or pre-cut one-metre logs into firewood, why not use this practical sawhorse.

Designed to take the strain, allows you to position the wood securely whilst offering maximum comfort at a more natural height.

With a weight bearing load of up to 70kg, this sawhorse includes a ruler guide for accurate lengths and tension support to prevent logs from vibrating during the cutting process.

Won't damage to your chainsaw if you accidentally catch it with the blade and folds flat for tidy storage when not in use.

We are an authorised **Stihl** dealer and can provide full service back up and maintenance for your Stihl equipment.

To keep up to date with our latest news, offers and promotions; be sure to join us on **Facebook & Instagram**.

Contact us

Ernest Doe is a long established family firm with a network of branches in the South and East of England. Managing Director Colin Doe is the fourth generation of the family to have run the business in its 100+ years of trading.

The firm supplies an incredible amount of machinery; from garden mowers and chain saws to combine harvesters and construction excavators. Our philosophy is simple to supply the best products and then to support them with the service facilities and expertise to keep them running perfectly.
