Description

Exocet Gas Oil Conditioner Fuel Additive 5L

Exocet Gas Oil Conditioner provides an all-in-one treatment for gas oil. It will improve day to day running of diesel engines and will stabilise fuel during storage.

Raising the cetane number to avoid rough running in newer engines, it will lubricate fuel pumps and lower deposit formation in injectors.

Gas Oil Conditioner also contains stability additives and a biocide at a 'protect' level to keep fuel fresh when it is stored for long periods. Fuel will keep fresh for up to 2 years even when it contains up to 7% biodiesel.

Typical applications are agricultural and horticultural machinery, construction equipment, standby generators, airport vehicles and fork lift trucks.

The product is formulated from recognised fuel additive components and should not void an engine manufacturer's warranty.

Exocet Gas Oil Conditioner (X01258GO): 1 litre treats 2,000 litres & 5 litres treat 10,000 litres of fuel.

Recommended for Professional & Trade use. Buy online and collect from the Parts Counters in one of our 19 Branches across the SE & East of England.

Please enquire for other sizes: 100ml, 200ml, 500ml, 25ltr & 200ltr (drum).

Could this Exocet Gas Oil Additive be your savour this season? Why not browse more essential products in our **Agricultural** range.
