

# Multi-Surface FrogTape with Paintblock Technology 36mm x 41.1m

47-81049

Our Price: £12

## Description

# Multi-Surface FrogTape with Paintblock Technology 36mm x 41.1m

All FrogTape painter's tapes are treated with patented PaintBlock Technology, a super-absorbent polymer that reacts with the water in emulsion paint and instantly gels to form a micro-barrier. It seals the edges of the tape, preventing paint bleed and the need for touch-ups. The results are crisp, clean paint lines each time.

- Keeps paint out, keeps lines sharp
- For use on cured paint, wood, glass and metal
- Helps prevent paint bleed
- The only masking tape treated with PaintBlock technology
- As with all quality masking tapes, please test on a small area before and remove soon after painting

## Contact us

Ernest Doe is a long established family firm with a network of branches in the South and East of England. Managing Director Colin Doe is the fourth generation of the family to have run the business in its 100+ years of trading.

The firm supplies an incredible amount of machinery; from garden mowers and chain saws to combine harvesters and construction excavators. Our philosophy is simple to supply the best products and then to support them with the service facilities and expertise to keep them running perfectly.
