Description

Karcher High Pressure Cleaner HD 4/10X Classic

Ergonomic, mobile, powerful and compact, the HD 4/10 X Classic high-pressure cleaner impresses with its durable and reliable components including a three-piston axial pump and an induction motor.

The automatic pressure relief system effectively protects the hydraulic components, thus ensuring a long lifetime and very low repair and maintenance costs. Furthermore, it reduces the traction force on the trigger gun, thus allowing long, fatigue-free periods of work.

User-friendly, the HD 4/10 X Classic is extremely easy to use and, thanks to its integrated hose reel and retractable pull handle, ensures a high degree of user comfort.

With a working pressure of 100 bar, an hourly water volume of 400 litres, and stable wheels for easy transportation and high mobility at the site of use, this cleaner is suitable for diverse applications from the building industry to occasional vehicle cleaning.

Dimensions: L 335 x W 320 x H 845.

Contact us

Ernest Doe is a long established family firm with a network of branches in the South and East of England. Managing Director Colin Doe is the fourth generation of the family to have run the business in its 100+ years of trading.

The firm supplies an incredible amount of machinery; from garden mowers and chain saws to combine harvesters and construction excavators. Our philosophy is simple to supply the best products and then to support them with the service facilities and expertise to keep them running perfectly.
