## **Sawtec Performance Round Nylon Strimmer-Brushcutter Line**

Available in various widths and lengths, the Sawtec range is made of high grade co-polymers that assure the maximum resistance to wear and breakage.

Professional quality, Sawtec line is both flexible and durable delivering a longer useful life than ordinary nylon line.

Ideal for light to medium vegetation with plenty of length for continuous use.

Bringing the perfect finishing touch to garden edges and pathways as well as order to overgrown areas of grass and weeds.

Suitable for use with most Strimmers & Brushcutters, however we always advise referral to handbook to check the line is compatible with your machine make & model.

Always wear 'eye' protection.

## Contact us

Ernest Doe is a long established family firm with a network of branches in the South and East of England. Managing Director Colin Doe is the fourth generation of the family to have run the business in its 100+ years of trading.

The firm supplies an incredible amount of machinery; from garden mowers and chain saws to combine harvesters and construction excavators. Our philosophy is simple to supply the best products and then to support them with the service facilities and expertise to keep them running perfectly.
