Zero In Ultra Wasp-Free Zone Deterrent

Create a Wasp-Free Zone with Zero-In imitation wasp nest and deter wasps from entering patios, gardens and other outdoor areas that may be vulnerable to attack.

Each imitation nest is effective over a 10 metre radius, discouraging wasps from entering this area.

It also creates a zone in which wasps will not nest of over 300 square metres.

Simple set up with no need for specialist tools, just fill with old carrier bags or bubble wrap and hang using the hook and eye loop.

Provides poison-free protection for you and your family year after year.

Hang early Spring to deter wasps from nesting all year round.

Contact us

Ernest Doe is a long established family firm with a network of branches in the South and East of England. Managing Director Colin Doe is the fourth generation of the family to have run the business in its 100+ years of trading.

The firm supplies an incredible amount of machinery; from garden mowers and chain saws to combine harvesters and construction excavators. Our philosophy is simple to supply the best products and then to support them with the service facilities and expertise to keep them running perfectly.
