## Description

### Cooper Pegler CP15 Evolution Confort Knapsack Sprayer 15L

The CP15 Evolution has now been equipped with a revolutionary new ergonomic carrying system with ultra-comfortable shoulder straps and waist belt to work better and longer. It is also fitted with two handles on the tank for easy handling.

The non-corrosive polypropylene tank has no openings below the liquid level, substantially reducing the chance of user contamination and benefits from a wide filler hole to prevent overflow and low mesh strainer to filter out dirt.

The unique membrane pump system ensures a long life for the equipment and maximum convenience in spraying thanks to its flexible pumping.

Nozzles included: Yellow hollow cone and green anvil.

Versatile for a number of business sectors such as horticulture, agriculture, industrial & amenity, an essential land management tool for the Professional or Small Holder.

Like this Copper Pegler CP15 Evolution Confort Knapsack Sprayer? Why not take a look at alternative knapsacks in the **Cooper Pegler** range.

## Contact us

Ernest Doe is a long established family firm with a network of branches in the South and East of England. Managing Director Colin Doe is the fourth generation of the family to have run the business in its 100+ years of trading.

The firm supplies an incredible amount of machinery; from garden mowers and chain saws to combine harvesters and construction excavators. Our philosophy is simple to supply the best products and then to support them with the service facilities and expertise to keep them running perfectly.
