Description

Seeland Avail Smock Jacket Pine Green Melange

The Avail smock is made from a brushed, low-noise tricot fabric in a subdued, dark-green colour, allowing it to blend in with most of the surroundings where you typically hunt.

Keeping you dry out in the field, even when caught in a passing heavy downpour, the jacket boasts the waterproof & windproof SEETEX® two-layer membrane, with a hydrostatic head of 10,000/10,000 mm.

Tailored in a longer length to provide more protection around the lumbar region than a standard hunting jacket.

Detailed with a two-way zip in the side for easy on/off plus concealed Kangaroo style & hand warmer pockets for phone & essentials.

The hood unzips if not needed, and there are adjustments around the wrists, waist and lower hem, for a snug fit that keeps the cold out.

Team together with the **Seeland Avail Trousers** for assured full freedom of movement and an extremely smart look in any shooting party.

UK Sizes 38" - 48". Please refer to Seeland Size chart when ordering.
