Description

Felco No8 Classic Secateurs

A large professional pair of Bypass Secateurs in an ergonomic re-designed shape for comfort & efficient use.

Crafted in forged aluminium for a lightweight but sturdy feel, the blade and screw-mounted anvil blade is made of high-quality hardened steel for a clean, precise cut and features an easy, durable cutting adjustment and wire cutting notch.

The ergonomic shape of the tool offers hand and wrist protection through a cushion-shock absorber & non-slip coating whilst optimisation of the force exerted is provided by the ideal shape of the handles & angled head.

Overall dimensions: L21cm, D3.0cm.

100% sustainable with all parts replaceable.

Felco' handy 'Care Guide' attached.

Contact us

Ernest Doe is a long established family firm with a network of branches in the South and East of England. Managing Director Colin Doe is the fourth generation of the family to have run the business in its 100+ years of trading.

The firm supplies an incredible amount of machinery; from garden mowers and chain saws to combine harvesters and construction excavators. Our philosophy is simple to supply the best products and then to support them with the service facilities and expertise to keep them running perfectly.
