Grazon 90 MSDS

Description

Dow Grazon PRO Herbicide 1 Litre

Please Note: This product is available for Click and Collect and will only be released upon successful presentation of your valid CPC P1 Spray Certificate.

Grazon Pro® is a selective herbicide for the control of perennial broad leaved weeds such as nettle, docks & thistle in established grassland and is the market leading product for spot spraying unsightly paddock weeds.

Also effective on weeds such as dandelion, creeping buttercup & daisy, apply this product from April-October in good growing conditions to a dry leaf.

Avoid spraying if rain is due as this may hamper its effectiveness.

Knapsack rate: 60ml in 10 Litres of water.

Keep horses & livestock out of the treated area no less than 7 days after treatment and longer if poisonous weeds such as Ragwort are present which need to have died and become unpalatable.

No Spraying Certificate? Why not browse **top brand alternatives** to eradicate those unsightly Weeds.
