Description

Stiga SAB 100AE Cordless Blower

With its 20V 4Ah battery, this cordless garden blower generates the air speed you need to easily clear leaves and debris. One charge gives you working times of 30 minutes at normal speed and 20 minutes at boosted speed. And because it's battery powered, you don't have to worry about trailing cables or filling up with fuel, as you would with a petrol leaf blower. Weighing just 2.1kg, the SAB 100 is refreshingly lightweight. Its compact battery position keeps the device optimally balanced, and the soft grip ergonomic handle feels great. Whether you're clearing leaves or more stubborn debris, the SAB 100's variable speed ensures its more than up to the job. Whatever the task, its efficient intake air ventilation grid keeps air flowing and your garden leaf blower working perfectly. Then, when everything's clean and tidy, a quick release button separates the tube for space-saving storage. Battery & charger included.

Built today for tomorrow, this model comes with a minimum 2-year Warranty.
