

Weedol Rapid Weed Control Concentrate Tubes x 6 (60m²)

31-56513

Our Price: £13.99

Description

Weedol Rapid Weed Control Concentrate Tubes x 6 (60m²)

Weedol® Rapid Weed Control offer a fast-acting, general-purpose weed killer that's perfect for use all around the garden—including flower beds, vegetable patches, and paths.

The pre-measured concentrate contains pelargonic acid, a naturally derived active ingredient that starts working immediately, delivering visible results in just 3 hours.

It then breaks down naturally in the soil, allowing you to replant in as little as 3 days.

Designed with convenience and sustainability in mind, the easy-dose tubes make it simple to treat large areas while also reducing plastic waste.

Just snap a tube, add water, mix, and spray—no measuring, no mess.

6 x Concentrate Tubes - Treats up to 60m². No glyphosate.

For most effective use, apply between **April - November**.
