Description

Bruder CAT Excavator 1:16 Scale

The new generation of CAT Excavators is designed for the most demanding tasks. With optimised load-bearing capacity, a wide range of shovels and buckets and efficient latest-generation diesel engines, this excavator is one of the most modern vehicles on any construction site.

Just like the real thing, this mini version is manufactured from high quality plastic with authentic detailing and active working parts.

Highlights include include cab & bonnet opening, 360° body turn and fully functioning shovel arm. The excavator arm can also be used way beneath the level of the vehicle (e.g. for drainage work).

Indoors or Outdoors, sure to keep any young digger fan engaged for hours upon end.

Dimensions: 63 x 20 x 28cm.
