Toro 21774 Recycler – All Wheel Drive Petrol Lawnmower

WY-MW21774

Our Price: £859

Description

Toro 21774 Recycler with SmartStow

Take on large lawns up to 1,000 square metres with this petrol-powered Toro Recycler with Automatic Drive System, featuring a wide 55 cm cutting width and powerful Briggs & Stratton® 163 cc engine. The self-propelled Automatic Drive System smoothly adjusts to your preferred walking pace, and All-Wheel Drive with Traction Assist gives you added comfort and traction for challenging terrain.

Featuring Vortex Technology, airflow is super charged, pulling grass upright for better cutting. In combination with the wide-mouth grass bag's capacity of up to 63 L, you'll spend more time mowing instead of emptying.

You can set the mower to your preference of recycling, bagging, or optional side discharge, and Recycle on Demand lets you switch from bagging to mulching in seconds with a flip of the quick-change lever – the bag can stay mounted in either mode.

The SmartStow® feature lets you store the mower upright, saving storage space and providing quick access for cleaning under the deck.

2-year Guaranteed-To-Start Warranty.
