39-MWM12B2

Description

Milwaukee M12 2.0AH Battery

New To Ernest Doe!

Now more powerful, longer run-time and more charges! Compatible with all M12™ tools in the range.

- Overload protection - Prevents user from damaging their cordless power tool investment in abusive situations
- Temperature management system - Keeps battery in ideal temperature range to provide maximum life
- Individual cell monitoring - Ensures optimal charge and discharge for maximum life
- Discharge protection - Prevents cell damage from over-discharge
- Up to 2X more run time*, 20% more power*, Up to 2X more recharges*
- Integrated welded frame battery construction with shock responsive separators preventing pack failure from excessive vibrations or drops
- Can be used in extreme temperatures down to -20 °C without compromising on runtime and battery life
- Discharge protection prevents cell damage from over-discharge

**Compared with other Lithium -Ion technologies and / or with previous MILWAUKEE® battery technology. Results dependant on voltage, tool and application.*

Looking for other Milwaukee batteries? Also available are the **High output 8.0AH & 5.0AH**

Contact us

Ernest Doe is a long established family firm with a network of branches in the South and East of England. Managing Director Colin Doe is the fourth generation of the family to have run the business in its 100+ years of trading.

The firm supplies an incredible amount of machinery; from garden mowers and chain saws to combine harvesters and construction excavators. Our philosophy is simple to supply the best products and then to support them with the service facilities and expertise to keep them running perfectly.
