Description

Fenceman Nail-In Roller Insulator

Plastic insulator designed specifically for Electric Fencing Wire.

Protects wooden fencing from livestock breach/chewing and enable paddocks to be electrified without the need for expensive Polyposts.

Simply nail into pre-existing fence posts and string with wire to create a circuit.

Ernest Doe is a long established family firm with a network of branches in the South and East of England. Managing Director Colin Doe is the fourth generation of the family to have run the business in its 100+ years of trading.

The firm supplies an incredible amount of machinery; from garden mowers and chain saws to combine harvesters and construction excavators. Our philosophy is simple to supply the best products and then to support them with the service facilities and expertise to keep them running perfectly.
