Description

Hayter Hawk 544 43cm Cordless Lawnmower Kit

HY-MW544

This 43cm wide battery mower starts at a push of a button and is ideal for someone who has a small garden (up to 300 square metres).

The Hawk 43 is really easy to manoeuvre and can be vertically stored away, reducing the amount of space usually required by a lawnmower by up to 70%¹.

Recommended to be powered by a 4.0Ah 60V** battery, this mower will have your lawn striped to perfection. And when you're done, simply remove the 60V battery and transfer it into one of the compatible Toro® 60V garden tools, part of the Flex-Force Power System®, for complete ease and flexibility.
