Description

Doff 1.25kg Bone Meal R.T.U

Doff Bone meal is an organic, slow release fertiliser for all around the garden. Bone Meal provides both phosphorus and nitrogen that are two elements that are essential for healthy plant growth.

An ideal fertiliser for bulbs, herbaceous plants, shrubs, roses, fruit trees and strawberries, any root plant as it slowly and steadily releases nutrients over longer periods of time, and encourages strong root growth.

We have a great range of products to help you create your perfect garden and you can choose the 'click and collect' option and pick up from your local store.
