

Honda Cordless Hedge Trimmer 36BXB – Shell only

HD-HHH36BXB

Our Price: £199

Description

Honda cordless hedge trimmer with diamond sharp precision

The power and precision of the Honda Cordless Hedge trimmer makes easy use when trimming hedges, pruning or perfecting topiary. The cutting length of 650mm offers a superb reach over brambles and bushes. The robust diamond sharpened blades and powerful brushless motor offers outstanding performance and an attractive and accurate cut from start to finish.

The diamond-ground Swiss cutting blades can easily cut through branches up to 28mm in thickness. The accurate cutting capability through overgrown hawthorn or wild berberis becomes easy work with the Honda Cordless Hedge trimmer. The saw (roughing) blade section provides help to tackle those tough stubborn areas.

Equipped with a new ergonomic handle you are offered multi-position cutting, allowing you to work for longer periods of time with the knowledge that you are not putting unnecessary pressure on your wrists or arms. The trigger is situated along the full inner side of the handle to readily power up and start work easily. The lightweight Honda Cordless Hedge trimmer benefits from the absence of a sizeable fuel tank and engine. Noise levels of 97db make this far quieter than petrol alternatives, allowing you use without upsetting those around you.

Operating off Honda's Universal Battery System, you can choose to use the 2, 4, or 6Ah battery, which can be charged by the fast 8Ah charger.

*Battery and charger not included

- Run time with 2Ah battery: 65 mins (charge time 2Ah battery 25mins)
- Run time with 4Ah battery: 125 mins (charge time 4Ah battery 35 mins)
- Run time with 6Ah battery: 186 mins (charge time 6Ah battery 55 mins)
