Honda 2Ah Lithium-ion Battery

HD-DP3620XAE

Description

2Ah Li-ion Battery - Part of the Universal System for the Honda Cordless range.

The 36V 2.0 Ah battery is the lightest battery in Honda's range, designed for comfortable work within the Honda 36V category. It is 46% lighter than the 36V 6.0 Ah for enhanced comfort and handling while in. The battery Cell configuration is 1P design with 10 Cells.

All Honda 36V batteries in the cordless system feature ThermoSmart battery technology for improved heat dissipation from the inside to the outside of the battery. As heat can damage the cells, the ThermoSmart technology provides a longer battery lifetime & enables it to perform for longer work periods.

- Charge time - 25 mins
- Current draw - 22A

Honda 2Ah Lithium-ion Battery
