## Description

### Stanley Multi-Truck 150/200kg

A traditionally made sack barrow to help transport awkward and heavier loads that ordinarily would be tricky or unsafe to manually handle.

With the ability to quickly transform into a platform truck, it's suitable for loads up to a massive 200kg and features the added benefit of pneumatic wheels providing a smoother ride.

Complete with built in guides and heavy duty castors allowing for precise steering in platform mode.

Dimensions: 460 x 580 x 1435mm.

Versatile indoor and out use from both Home to Industry.

Please check the manufacturer's instructions carefully before using equipment to assist with carrying heavy loads.

## Contact us

Ernest Doe is a long established family firm with a network of branches in the South and East of England. Managing Director Colin Doe is the fourth generation of the family to have run the business in its 100+ years of trading.

The firm supplies an incredible amount of machinery; from garden mowers and chain saws to combine harvesters and construction excavators. Our philosophy is simple to supply the best products and then to support them with the service facilities and expertise to keep them running perfectly.
