Description

Youngman Atlas Lightweight 3 Tread Step Ladder

22-48395

Youngman Atlas Lightweight 3 Tread Step Ladder

Designed to provide maximum comfort for the user, this 3 tread aluminium stepladder features a large platform that provides a secure & comfortable work area plus handrail for added stability.

Constructed with a platform height of 0.60m (1ft 11") to enable a safer working height @ approximately 2.35m (7ft 8"), this ladder is ideal choice for every day jobs around the worksite, home & garden.

Overall length: Closed 1.3m (4ft 3") | Open 1.21m (3ft 11").

Approved to the latest EN131 standard with 150kg Load capacity.

Contact us

Ernest Doe is a long established family firm with a network of branches in the South and East of England. Managing Director Colin Doe is the fourth generation of the family to have run the business in its 100+ years of trading.

The firm supplies an incredible amount of machinery; from garden mowers and chain saws to combine harvesters and construction excavators. Our philosophy is simple to supply the best products and then to support them with the service facilities and expertise to keep them running perfectly.
