Our Price: £43.45

Silky Super Accel Pruning Saw 210-7.5

SL-119-21

Description

Silky Super Accel Pruning Saw 210-7.5

The Super Accel is a lightweight (195 g), but strong pull saw that is the favourite of many gardeners as well as hikers too.

Even in difficult situations such as pruning in densely grown spaces or pruning overhead whilst on a ladder, the Super Accel is easy to handle achieving the perfect angle between handle and blade.

Requiring less force for smooth & fast cutting, the razor sharp teeth cut cleanly through the wood allowing optimal tree recovery.

A secure locking mechanism locks the blade firmly in two different positions whilst an Aluminium handle bolstered with rubber helps to absorb vibration assuring a good grip at all times.

A versatile saw to keep on hand that's easy to fold and store away in your toolbox.

To keep your garden looking neat and tidy this season, why not browse more Garden essentials in our extensive **Arboriculture** range.

Contact us

Ernest Doe is a long established family firm with a network of branches in the South and East of England. Managing Director Colin Doe is the fourth generation of the family to have run the business in its 100+ years of trading.

The firm supplies an incredible amount of machinery; from garden mowers and chain saws to combine harvesters and construction excavators. Our philosophy is simple to supply the best products and then to support them with the service facilities and expertise to keep them running perfectly.
