## Description

### DeWalt 25 Piece PZ2 FlexTorq Impact Bit Set

These Extreme Impact Torsion Pozidriv Bits by DEWALT FLEXTORQ™ offer exceptional value beyond just a great price.

Featuring a 15° torsion zone, these bits are designed to flex rather than break, while the full fit head prevents rounding of the screw head and 'cam out' (bit head slipping out of the screw head due to the turning force).

The magnetic screw lock ensures tasks are completed more quickly and easily, reducing the chances of dropped or lost screws.

Supplied in a TOUGH CASE+, which is part of a connectable case system compatible with TSTAK™, individual TOUGH CASES can be clipped together for easy transportation.

This 25-piece Flextorq Impact Bit Set includes:

- 20 x 25mm PZ2 Extreme Impact Bits
- 5 x 57mm PZ2 Extreme Impact Bits

Additionally, it comes with a magnetic, Impact Ready Bit Holder.

## Contact us

Ernest Doe is a long established family firm with a network of branches in the South and East of England. Managing Director Colin Doe is the fourth generation of the family to have run the business in its 100+ years of trading.

The firm supplies an incredible amount of machinery; from garden mowers and chain saws to combine harvesters and construction excavators. Our philosophy is simple to supply the best products and then to support them with the service facilities and expertise to keep them running perfectly.
