## Harkila Reidmar Mid 2.0 GTX Leather Boots Dark Brown

The Reidmar GTX boots weigh in at a mere 640 grams per boot despite their leather construction and have a medium-length, 8 7/20 cm shaft and a standard-width last.

The boots feature wire closures, and are secured with a couple of turns on the button, and loosened by turning the button in the opposite direction. This system is guaranteed, so, in the unlikely event that the wire or reel fail, as an authorised dealer, we can arrange for it to be replaced.

Other stand out attributes include a fully waterproof GORE-TEX Sierra membrane, shock-absorbing midsole & semi-stiff Vibram sole for a thoroughly comfort feel when out hiking.

Shoe Size: 40 - 45.

## Contact us

Ernest Doe is a long established family firm with a network of branches in the South and East of England. Managing Director Colin Doe is the fourth generation of the family to have run the business in its 100+ years of trading.

The firm supplies an incredible amount of machinery; from garden mowers and chain saws to combine harvesters and construction excavators. Our philosophy is simple to supply the best products and then to support them with the service facilities and expertise to keep them running perfectly.
