## Description

### Stihl Extension shaft for GTA 26

Transform your GTA 26 garden pruner into a pole pruner with this extension shaft, perfect for tackling high branches and small pruning tasks in your home garden. With a fixed length of 1.5 metres, it offers ample reach for trimming fruit trees and other elevated areas.

Crafted from lightweight aluminium, the extension shaft keeps the total weight, including the GTA 26, to just 2.7 kilograms. It features a soft-grip handle for added comfort, a branch hook for clearing twigs from the canopy, and a slight bend in the shaft to minimise tipping during use.

We are an authorised Stihl dealer and are one of the first to stock the new Stihl cordless range. Why not click [HERE](#) to check our wider range of Stihl products?
