Description

ICL AccuPro 360ST Professional Rotary Fertiliser & Spreader

The AccuPro 360ST is a professional-grade rotary spreader, engineered for precision and durability.

Designed for use with ICL turf management products, it features SmartSpread™ technology to ensure even and efficient application of fertilisers and grass seed.

Built with a robust stainless-steel frame and maintenance-free gearbox, it offers reliability season after season.

With a 30kg hopper capacity (15kg for grass seed), the AccuPro 360ST is ready for heavy-duty performance.

Other practical touches include pneumatic tyres for smooth mobility, an ergonomic handle for all-day comfort, and a removable rain cover to protect contents during poor weather.

Contact us

Ernest Doe is a long established family firm with a network of branches in the South and East of England. Managing Director Colin Doe is the fourth generation of the family to have run the business in its 100+ years of trading.

The firm supplies an incredible amount of machinery; from garden mowers and chain saws to combine harvesters and construction excavators. Our philosophy is simple to supply the best products and then to support them with the service facilities and expertise to keep them running perfectly.
