Amblers AS308C Friston S3 SRC Waterproof Safety Boot Honey

This fully waterproof and metal-free safety hiker is designed for outdoor work and the security industry.

Featuring a fibreglass composite toecap and non-metal midsole, it offers lightweight protection without compromising durability.

The water-resistant leather upper is paired with a deep padded breathable mesh collar and tongue for enhanced comfort.

Metal-free lacing hooks provide a secure fit, while the removable cushioned PU footbed with arch support ensures all-day wearability.

Built for demanding conditions, it includes an anti-scuff toe and heel, an injected PU midsole for added protection, and a raised heel for stability and energy absorption.

The cleated outsole delivers superior grip, with ladder grip lines for extra security when working at heights.

UK Sizes 6 - 11.

We are able to offer zero rate VAT on safety boots purchased by an individual for his/her own use. Please use voucher code novat when you check out.

Contact us

Ernest Doe is a long established family firm with a network of branches in the South and East of England. Managing Director Colin Doe is the fourth generation of the family to have run the business in its 100+ years of trading.

The firm supplies an incredible amount of machinery; from garden mowers and chain saws to combine harvesters and construction excavators. Our philosophy is simple to supply the best products and then to support them with the service facilities and expertise to keep them running perfectly.
