Description

Wilkinson Sword Bypass & Anvil Pruner Twin Pack

When it comes to all things wood whether it be tree care, pruning shrubs or hedges, Wilkinson Sword are in their element with over 100 years of cutting excellence.

Traditionally designed with high quality Japanese steel blades, the BYPASS Pruner will provide a clean accurate cut through younger and fresher growth whilst the sturdy ANVIL Pruner can handle the more tougher woody stems of up to 22mm.

Both pruners feature Wood Ash handles with comfort Soft grip inserts, a central locking catch for safe handling and a Black epoxy finish for durability.

if you are searching for hard wearing, durable pruners, capable of tackling a variety of gardening tasks, these pruners in our opinion a great value twin set for the gardening toolbox.
