Description

Sealey Submersible 225L Stainless Dirty Auto Water Pump

Manufactured from corrosive resistant materials with a stainless steel body and motor case plus automatic cut-out safety feature, this Sealey Submersible Waterpump has been purposely designed for DENSE or DIRTY water.

With a maximum output of 225lts(49gal)/min, the easy to use SEALEY WPS225A is ideally suited to the effective drainage of cellars, sinks, cisterns, baths and general transfer of water such as garden irrigation systems. A convenient and practical piece of equipment for the professional, smallholder and/or domestic household.

Click & Collect in store where our trained staff will be able to advise on an appropriate discharge pipe.

Ernest Doe is a long established family firm with a network of branches in the South and East of England. Managing Director Colin Doe is the fourth generation of the family to have run the business in its 100+ years of trading.

The firm supplies an incredible amount of machinery; from garden mowers and chain saws to combine harvesters and construction excavators. Our philosophy is simple to supply the best products and then to support them with the service facilities and expertise to keep them running perfectly.
