Description

Stihl AL 301 quick charger

The STIHL AL 301 Quick Charger is a high-speed charging solution designed for STIHL's AK and AP System batteries. With a robust 6.5 A charging current and active battery cooling, it ensures efficient and safe charging for both professional and domestic users.

Key Features:

- **Fast Charging:** Delivers a 6.5 A charging current, significantly reducing downtime by quickly replenishing battery power.
- **Active Cooling System:** Equipped with a built-in fan to maintain optimal battery temperatures during charging, enhancing battery lifespan.
- **Automatic Shut-Off:** The charger ceases operation once the battery reaches full charge, preventing overcharging and conserving energy.
- **Versatile Mounting Options:** Features provisions for wall mounting and includes a cable tie with a Velcro strap for tidy storage, making it adaptable to various workspaces.

Charging Times:

- **AK System Batteries:**
 - *AK 10:* Fully charged in approximately 45 minutes.
 - *AK 20:* Fully charged in approximately 55 minutes.
 - *AK 30:* Fully charged in approximately 60 minutes.
- **AP System Batteries:**
 - *AP 100:* Fully charged in approximately 45 minutes.
 - *AP 200:* Fully charged in approximately 55 minutes.
 - *AP 300:* Fully charged in approximately 60 minutes.
 - *AP 300 S:* Fully charged in approximately 70 minutes.
 - *AP 500 S:* Fully charged in approximately 90 minutes.
