Description

Genuine Stihl Superclean 300ml Spray

This graphite and lubricating mineral oil based cleaner is ideal for cleaning cutting attachments, hedge trimmer blades and chainsaws.

It dissolves resin, prevents rust and removes dirt from your cutting blade. It also provides lubrication and protection from corrosion for when you next use your tool.

To use Superclean, simply spray it onto the cutting tool after use. Then, run the cutting tool through for a brief moment and leave the machine, so it's ready for the next time

We are an authorised Stihl dealer and can provide full service back up and maintenance for your Stihl equipment.
