# Hayter Harrier 41 – 375A Variable Speed

HY-MWHA375

**Our Price: £839**

## Description

### Hayter Harrier 41 - Variable Speed

The Harrier® is a high quality, high performing petrol rear-roller lawn mower with a self-propelled engine with variable speed (set between 2.2 - 3.4mph) allowing you to cut your small lawn at your own pace.

Recommended for a flat garden that is up to 300 square metres as it's easy to manoeuvre and mow along borders, raised flower beds and retaining walls with the two-piece rear roller and Trim Side deck design. Leaving you with a beautifully striped lawn, mow after mow.

- The 41cm cutting width is ideal for small lawns (up to 300 square metres) formal gardens with minimal slopes.
- Create perfectly sharp stripes with the integrated ribbed rear roller. For effortless mowing with great results.
- Self-propelled. Let the lawnmower do all of the work so you can simply walk behind and steer.
- Trim Side deck design means you can cut right to the edge – ideal for around borders, raised flower beds and retaining walls.
- A two piece, ribbed rear roller provides superior traction, manoeuvrability and avoids turf marking when turning.
- Easy to use height-of-cut lever. Choose between seven different heights (13 - 60mm) for your desired grass length.
- Easy-wash hose connector allows you to clean the underside of your Harrier® without getting your hands dirty.
- High performing cut and collection system uses Vari-Pitch™ cutting technology† to remove grass clippings once cut.
- ReadyStart® technology ensures hassle free starting time after time.

We are an authorised **Hayter** dealer and can provide full service support and maintenance for your Hayter product.
