Description

Corona DualLINK Forged Bypass Lopper

This DualLINK 2" Bypass Lopper makes light work of those heavy duty arboricultural tasks and is the preferred cutting tool used by professionals day in and day for achieving precise results.

The forged steel with a power-compounding link adds leverage, giving the tool increased power for easier cutting through large diameter wood whilst the ShockGUARD® bumper system & contoured, extra long soft grip handles are specifically designed to help reduce fatigue.

Overall dimensions - 3.2 x 31.8 x 83.5 cm

Weight - 1.95 kg

Contact us

Ernest Doe is a long established family firm with a network of branches in the South and East of England. Managing Director Colin Doe is the fourth generation of the family to have run the business in its 100+ years of trading.

The firm supplies an incredible amount of machinery; from garden mowers and chain saws to combine harvesters and construction excavators. Our philosophy is simple to supply the best products and then to support them with the service facilities and expertise to keep them running perfectly.
