Our Price: £395

Description

Honda IZY HRG416PK Petrol Lawn Mower

Honda's lightweight, versatile and robust range

Honda's range of Izy lawnmowers feature their latest Euro-5 compliant, four-stroke GCVx engines. These new engines offer enhanced combustion by creating stronger turbulence inside the chamber, while also being more tolerant to lower quality fuels. All Izy's have a new Auto Choke system, offering improved temperature sensing and choke optimisation, for easier starting in the most challenging conditions.

The new range also includes easier access to serviceable parts such as the oil drain and spark plug, a much larger fuel filler cap, and tool-free access to the air filter.

PRODUCT OVERVIEW:

- **Cutter Deck Size:** 16" / 41cm
- **Garden Size:** Small - Medium. Suitable for lawns up to 800m² (Up to 1 tennis court)
- **Deck Type:** Pressed Steel - This deck type is lightweight for easy manoeuvrability whilst still being hard-wearing and resistant to corrosion and UV rays
- **Transmission:** Push - The lawnmower needs to be pushed by the user
- **Rear Roller:** Not available
- **Rotostop:** Not available
- **Mulching:** Not available
- **Electric Start:** Not available

Honda's products are built better to last longer. That's why they offer a rock-solid warranty for domestic and professional use on their core range products, covering both parts and labour. The warranty also maintains the same value throughout the warranty period - meaning the last day of cover is exactly the same as the first.
