Our Price: £134.99

## Description

### Haemmerlin PICK-UP 110L Green Puncture Free Wheelbarrow

The PICK-UP is a unique design from Haemmerlin with a 110 Ltr tray crafted from Haemmerlin's renowned high density Polypropylene which is strong and flexible and able to ferry long handled tools. It also features a scaled interior to help the user calculate a perfect mixture.

Puncture free, the wheel is made of a thick and soft rubber foam allowing the wheelbarrow to be manoeuvred with ease and has a cross tread pattern for superior performance through all types of surfaces. A yellow branded metal disc rim has been included in the overall construction for additional strength and safety.

Equipped with the Integral frame, a strong rigid one piece tubular frame made out of thick steel with a tipping bar for easy unloading, the handles are fitted with Bi-material grips to give a comfortable feeling whilst reducing vibration and slip resistant too.
