Hendon GWF240 8ft Platform Tripod Ladder

*** CLICK & COLLECT, FREE LOCAL BRANCH & NATIONWIDE DELIVERY (Excludes Congestion Charging Zone) ***

Hendon's Platform Tripod Ladder offers additional security and peace of mind to anyone slightly more cautious about working with their feet off the ground.

A much deeper 175mm top working step, as well as a hand rail to lean into or hold onto, make it the preferred choice for more awkward cutting, especially if the work is at a fixed height.

With an incredibly stable foundation thanks to its three-leg design and wide base, this versatile ladder is secure on uneven ground meaning it can be used in complete confidence with no extra need for a second pair of hands as support.

The adjustable telescopic third leg allows the ladder to straddle shrubs and low fences and walls for easy set up. Clawed feet add extra grip while broad double rung steps mean it is comfortable to stand and work on.

Able to handle a Safe Working Load up to 150kg, Hendon Tripod Ladders are the no.1 choice by professionals today.

Overall weight: 7.5kg. 5 Steps.
