Our Price: £14.99

Description

Faithfull 10 Piece SDS Drill Bit Set

Introducing the New XMS 10 Piece SDS Drill Bit Set by Faithfull, featuring sizes ranging from 5.5 to 12mm. This set is an excellent deal, offering significant savings and comes neatly packaged in a fabric storage wallet.

These high-performance Faithfull Tungsten Carbide Tipped Drill Bits are designed to fit into SDS Plus chucks, providing a secure, non-slip grip that transmits maximum power for rotary percussion drilling, primarily into concrete.

The unique fluted shaft of the SDS Plus bits ensures maximum power transmission, effectively preventing a perfectly serviceable cutting edge from becoming useless due to a worn shank. Additionally, the SDS Plus system allows for faster drill changes with a quick-release keyless chuck.

Ideal for use on bricks, blocks, concrete containing aggregates, marble, hard stone, and other hard masonry materials.

The set includes the following sizes: 5.5 x 160mm, 6 x 160mm, 6 x 210mm, 7 x 160mm, 7 x 210mm, 8 x 160mm, 8 x 210mm, 10 x 160mm, 10 x 210mm, and 12 x 210mm.
