Heygates Country Layers Meal 20kg

Country Layers Pellets & Meal are a careful blend of traditional quality ingredients to provide a complete feed for free range laying birds.

Calcium is added to provide strong shells, together with all the necessary minerals and vitamins for a healthy bird.

To give an attractive yolk colour, pigments extracted from marigold petals are added together with another compound which occurs naturally in the skins of oranges.

Country Layers should be fed ad lib with a typical bird eating between 130 & 140g per day alongside a constant supply of fresh water and grit.

Please refer to bag for precise feeding guidelines & advice
