## Description

### Haemmerlin PICK-UP Green 110L Pneumatic Wheelbarrow

The PICK-UP is a unique design from Haemmerlin with a 110 Ltr tray crafted from Haemmerlin's renowned high density Polypropylene which is strong and flexible and able to ferry long handled tools. It also features a scaled interior to help the user calculate a perfect mixture.

Equipped with the Integral frame, a strong rigid one piece tubular frame made out of thick steel with a tipping bar for easy unloading, the handles are fitted with Bi-material grips to give a comfortable feeling whilst reducing vibration and slip resistant too.

A large pneumatic tyre profile gives a perfect balance over uneven surfaces and enables the user to move the wheelbarrow with ease. Additional benefits include a solid metal rim in Grey for increased strength & safety alongside easy exchangeable inner tubes.

## Contact us

Ernest Doe is a long established family firm with a network of branches in the South and East of England. Managing Director Colin Doe is the fourth generation of the family to have run the business in its 100+ years of trading.

The firm supplies an incredible amount of machinery; from garden mowers and chain saws to combine harvesters and construction excavators. Our philosophy is simple to supply the best products and then to support them with the service facilities and expertise to keep them running perfectly.
