Description

Seeland Woodcock Advanced Jacket Shaded Olive

Woodcock Advanced is a classic styled shooting jacket with a twist. It's designed in the traditional English game-shooting style, but in a stretch material, meaning that you can readily take aim even in the most difficult of situations

Despite the heritage roots, it's a modern jacket through and through and comes equipped with a stretch fabric that follows every movement in your body alongside a SEETEX® membrane to protect against wind and rain.

The jacket also features large cartridge pockets with Quickload function and drain holes, fleece-lined handwarmer pockets and a detachable hood.

Team together with the **Woodcock Advanced Trousers** for an extremely smart look in any shooting party, but retain full freedom of movement.

UK Sizes: 42" - 48". Please refer to Seeland Size chart when ordering.
