Description

Spear and Jackson Elements Dutch Hoe

This Spear and Jackson Elements Dutch Hoe is a versatile garden cultivating tool for both casual & serious gardeners and features a heat treated carbon steel head for strength and durability.

The hammer finish epoxy coated head provides improved resistance to rust, scratches, humidity and alkalies in the soil and combines with a weatherproofed hardwood ash handle and soft-feel grip for added comfort.

Ernest Doe is a long established family firm with a network of branches in the South and East of England. Managing Director Colin Doe is the fourth generation of the family to have run the business in its 100+ years of trading.

The firm supplies an incredible amount of machinery; from garden mowers and chain saws to combine harvesters and construction excavators. Our philosophy is simple to supply the best products and then to support them with the service facilities and expertise to keep them running perfectly.
