Description

Sealey CP20VAG Lithium-Ion Cordless Angle Grinder with Charger

22-4007 Sealey CP20VAG Lithium-Ion Cordless Angle Grinder with Charger

Lightweight, compact and ergonomically designed with heavy-duty alloy bevel gear head with aluminium gear casing.

Features spindle lock for quick disc changes and adjustable disc guard and supplied with soft grip side handle for added comfort and control.

Powered by Lithium-ion battery, which maintains a high energy density level with a flat discharge curve - performing better and longer than a conventional Ni-Cd/Ni-MH battery.

No memory effect allows the battery to recover from a deep discharge with no tendency to reduce overall capacity.

Supplied with 1 hour mains charger and battery in storage case for transportation & safe keeping.

Contact us

Ernest Doe is a long established family firm with a network of branches in the South and East of England. Managing Director Colin Doe is the fourth generation of the family to have run the business in its 100+ years of trading.

The firm supplies an incredible amount of machinery; from garden mowers and chain saws to combine harvesters and construction excavators. Our philosophy is simple to supply the best products and then to support them with the service facilities and expertise to keep them running perfectly.
