

Stihl MSA160C- B Cordless Chainsaw

SH-MA032000004

Our Price: £295

Description

Stihl MSA160C-B Cordless Chainsaw

STIHL cordless chainsaw with outstanding cordless cutting power. This 36 V chainsaw fulfils even the highest demands for performance and working comfort and is the perfect assistant for property maintenance, horticulture, cutting firewood and sawing work in enclosed areas. With new, low-vibration and low-kickback 1/4" PM3 saw chain and 30cm/12" long guide bar for branches and small trees with a maximum diameter of 20 cm.

Quickstop Super Chain Brake - The additional braking system for extra safety. Users can trigger the chain brake directly at the rear handle. The chain stops in seconds whenever the user lets go of the rear handle and whenever there is sufficiently strong kickback or when the front hand guard is activated. This unique safety feature ensures even more user protection in all working positions.

Stihl Quick Chain Tensioning - The STIHL chain quick tensioning system (B) makes it very easy to tension the chain. Just release the sprocket cover and turn the knob to set the optimum tension. No tools needed.

Ematic chain lubrication system - The STIHL Ematic chain lubrication system provides maximum lubrication, longer wear and less oil consumption than conventional methods of chain lubrication. The oil consumption can therefore be reduced by up to 50%.

Two-handed operation - The ergonomically shaped handle and rear control handle with comfortable soft-grip component ensure safe working in all operating positions.

Operating handle - The black soft component on the rear handle provides a secure and firm grip in all working positions.

Tool-less filler cap - The tank can be filled quickly and easily using the toolless filler cap

Stihl Electric Motor - The STIHL electric motor (EC) is extremely energy efficient, lightweight and compact. It runs quietly, generates very low vibrations and does not require servicing.

We are an authorised Stihl dealer and are one of the first to stock the new Stihl cordless range. Why not [click here](#) to check our wider range of Stihl products?
