Description

Block Blitz '2 in 1' Multi Pave Treatment Twin Pack

Designed to clean and protect your outdoor surfaces, Block Blitz® is a unique powder based barrier detergent made from a powerful mineral and plant based formula.

It has been scientifically engineered to retain a high pH without being caustic. Any synthetic chemicals used have been carefully selected so that the finished products have a lower impact on the environment.

Optimised for paving slabs, tarmac, resin drives, artificial grass, rubber paving and decking, it's easy to administer with just a watering can and requires no physical or mechanical action to make the product work.

Simply apply to target area and walk away. The soft wash technology then gets to work to lift grime & unwanted organic growth and deters it's return.

1 x 380g Pouch treats approximately 15²m. Use twice a year for maximum effectiveness.

Block Blitz is at the forefront of the next generation of outdoor cleaning products.

Contact us

Ernest Doe is a long established family firm with a network of branches in the South and East of England. Managing Director Colin Doe is the fourth generation of the family to have run the business in its 100+ years of trading.

The firm supplies an incredible amount of machinery; from garden mowers and chain saws to combine harvesters and construction excavators. Our philosophy is simple to supply the best products and then to support them with the service facilities and expertise to keep them running perfectly.
