Description

Everbuild Water Seal 5L

Waterseal is a high-performance transparent water repellent specially formulated to prevent water penetration on all mineral substrates such as brick, stone, concrete, pebbledash and rendering.

Drying clear, improves water beading compared with traditional solvent-based products and can be applied to both dry & damp surfaces.

Easy to apply by garden pump, sprayer or brush.

Please note that Waterseal is for wall sealing only and should not be used as a paving sealer on trafficable surfaces.
