ICL Gronamic All-Round Turf Nutrition 25kg

31-40087

Description

ICL Gronamic All-Round Turf Nutrition 25kg

Gronamic delivers sustained nutrition to the turf plant throughout the growing season.

The supply of key macronutrients allows for a healthy plant, sustained turf colour and resilience from water.

The balance of mineral and organic components provides the benefits from both approaches of turf nutrition.

Supplies carbon and a balanced C:N ratio to the soil / rootzone.

Granule size: 2mm–4mm.

Application rate: 30-40g/m². Pack coverage: 625-833m².

Suggested period of use Mid Feb - Mid Oct.

For an even, all round spread pattern, we thoroughly recommend the ICL AccuPro One Rotary Fertiliser & Seed Spreader.

Like this ICL Landscaper Gronamic Allround? We have a great range of products to help create the perfect landscape, so why not browse our complete **Garden** range.

Contact us

Ernest Doe is a long established family firm with a network of branches in the South and East of England. Managing Director Colin Doe is the fourth generation of the family to have run the business in its 100+ years of trading.

The firm supplies an incredible amount of machinery; from garden mowers and chain saws to combine harvesters and construction excavators. Our philosophy is simple to supply the best products and then to support them with the service facilities and expertise to keep them running perfectly.
