## Description

# Husqvarna Automower 105

Compact 3-wheeled robotic mower for efficient mowing of more open grass areas. Suitable for smaller lawns up to 600 m<sup>2</sup> and can also handle slopes with an incline of 25%. It is easy to use and offers personal settings. Ideal for replacing a traditional pedestrian lawnmower.

**Reliability** - Robotic lawn mowing is all about reliability. Husqvarna has during 25 years of development refined its mower concept to achieve the highest level of reliability, quality and cutting result, with a minimum of assistance.

**Unique Cutting System** - Husqvarna Automower® cuts just a little but frequently, which assures a nice and healthy lawn. It is equipped with sharp razor-like blades made of strong carbon steel mounted on a robust cutting disc system.
