Description

Toro Timemaster 21811

For homeowners with large gardens, the Toro® TimeMaster® covers more ground in far less time. The sleek, lightweight body is surprisingly easy to manoeuvre, making it simple to circle trees or shrubs.

The Dual-Force™ twin blade cutting system combined with Toro Atomic blades makes light work of grass cutting on a large scale and whether you collect or recycle the clippings, you're sure of a superior quality of cut.

76cm Mowing Deck - The wide 30" mowing deck lets you handle large areas of grass quickly and easily, reducing mowing time by up to 40% compared to a 53cm machine.

2 Point Height-of-cut - You can easily adjust the deck height at 2 points instead of the hassle of walking around the mower to adjust 4 different levers.

Toro Timemaster 21811
